RANSOM-BENEDICT CO., Clifty, Tenn.

Alabama Minister Relieved

Stomach Troubles Made Him Feel Sick at Meal Times, But Now Always Enjoys His Meals.

DO YOU enjoy your meals? Eat without the dread of the after effects?

Lack of appetite, and a disagreeable, sick-at-the-stomach feeling after meals, usually indicate that your digestive organs are not working properly. As a result, you will feel weak, lose weight and lack the energy that is to be derived from well-digested food.

A valuable help in correcting such conditions is mentioned by the Rev. E. K. McKenzie, of Route 1, Section,

Ala., who writes: "I had stomach trouble. When I would go to eat, I would turn sick. I took one bottle of Ziron, and it cured me. Am always ready for my meals and enjoy them. I think it is a fine medicine."

If your food hurts you, if your appetite is poor, if you are pale, weak and run-down, and have other symptoms that indicate your system needs help, try Ziron. It will put iron into your blood and help build you up. Take it according to directions, and if not benefited by the first bottle, the money-back guarantee will protect you. Ask your druggist.

Minnie and Dixie Brown visit-

NOTED SAM PERKINS FARM

SEVEN MILES FRANKLIN PIKE AND INTERURBAN

AT AUCTION

292 Acres

ON PREMISES

Saturday, July 10th, 10:30 A. M.

We will offer for sale at public auction the famous Sam Perkins bluegrass, stock and grain farm owned and operated by Jno. H. Moore, containing 292 rich, practically level acres subject to cultivation with tractors and only 7 miles out and just off the Franklin pike interurban at Denbar station.

The improvements consist of a splendid residence, surrounded by a large shady bluegrass lawn with big fine spring at corner of yard. It has large orchard, all necessary out-buildings, big three-story stock and cattle barn with hay fork, large hay shed with two hay forks, two or three tenant houses, well fenced, and one of the best watered farms you ever saw, having seven everlasting springs and spring branches furnishings fresh running water in every field and pasture.

This land is in high state of cultivation, having about 200 acres at present under the plow, mostly in wheat, barley, oats and red clover, with a fine stand of red clover in all grain fields.

This splendid farm is ideally located and well arranged for a modern up-to-date dairy farm, a producing stock and grain farm, or a country home for some business man in the city. It is surrounded by fine farms and beautiful homes, close and convenient to fine fine schools, churches, stores, railroad and interurban station and only a few minutes drive on leading oiled pike and National Highway to the city.

The farm will be sold in two tracts of 223 and 69 acres respectively, each tract having improvements. The largest tract being the home place and has the main improvements.

Look this farm over carefully, for it will suit you, and remember it is very, very seldom you have a chance at a fine farm like this close in on any pike, much less on the Franklin road and interurban. But listen, owner has give us the written instructions to sell for the high dollar regardless of price, and farm will be sold absolutely without reserve.

For full information and to be shown the property, phone, write or see M. L. Pinkerton on premises, J. H. Moore, owner, Nashville, or
